Chapter 1 by Erjsl

I was alone. I've always been alone. Until I met him. Kai. He changed everything. I remember when I first met him. He was new at school and I was the victim of a VERY embarrassing incident at school. You see I was trying out a costume for theatre club and well, it wasn't done. He was walking through the hall and I tripped on a loose hem which landed me in his arms and the costume on the floor. Yep, I remember my face being vermillion red and I remember everyone laughing, but most of all I remember his smile. The way that, even though everyone was laughing at me and that I was naked in my Victoria Secret panties and bra and that I got 2 detentions, that I felt safe in his arms. Me, the girl that was always alone, Demetria Jones.

I kept my head down the next day. I was still embarrassed from my incident the other day. I avoided Kai as much as I could, but it seemed that the harder I tried to stay away from him, the more I ran into him. I was at my locker, thinking that I couldn't run into him there, when Kai decided to come up behind me.

"Hey," he said as he scratched the back of his head. I looked away from him quickly, my face flushing.

"Hi," I said softly as I looked at the books in my locker.

"I was wondering if you might be interested in reading something," he asked and I did a double take. Did he just

"Are you serious?" I asked. He was the most prettiest and most popular girl in the entire school.

"Come on Kai, don't need to waste your time with that thing," Jessica said as she pulled Kai away from my locker.

I couldn't help but feel a pang of hurt. Jessica could have any guy in school and she chooses to pick that only one that I liked. Not like it would ever happen though. He was popular and I was not. He was the king of all guys and I was just little miss nobody. Looks like I will be alone forever.

Chapter 3 by Guilliana and Rachel

My first instinct was to run after Jessica and beat the life out of her, but I just breathed and watched them walk away. "I should have known," I said to myself. I turned around and closed my locker, I sighed then walked down the corridor to 1st period.

I never really hated school that much, until now! Jessica always sat next to me, and I didn't care. It was just the feeling she gave me earlier. "I hope she feels remorse..." I thought. Jessica glanced at me, gave me a disgusted look, then went back to chit-chatting with her friends. "Ugh! I hate her so much... sometimes I wish I could just pause time and beat up her.... control your anger," I thought. Mrs. Will walked into the room and announced, "Class, please choose partners for this assignment. We are going to be dissecting a rat." Jessica mad a disgusted sound then made the motion of puking. Most of the people laughed while Mrs. Will stopped her, "Jessica, please be serious. You will be the one that is puking when you see your grade on this assignment if you don't participate." Once the laughter eroded, she went back to talking, "You may choose your partners now. In an orderly fashion please." I looked back at me, Kai sits behind me, and I stood up. I started to walk to him, but Jessica ran past me and almost made my fall. "Wanna be partners?" she asked in such an exasperating voice. I secretly crossed my fingers and hoped he would say no...

Chapter 4 by Erjsl

But, he looked straight at me and said, "I already have a partner."

Jessica put her hand on her hips.

"And who would that be?" I prayed he would say me.

"Louis!" He said simply I looked behind me. There stood Louis with her books. Ohh, this is not good. Louis is like Jessica's number one. I don't want to be like Jessica that would NOT be good. We are gonna have trouble. He said "Well, at least it's not son."
